

### Certificate of Analysis

|                     |               |
|---------------------|---------------|
| <b>Product Name</b> | Iminodibenzyl |
| <b>Catalog No.</b>  | V65375        |
| <b>Batch No.</b>    | V6537501      |

#### 1. Physical and Chemical Properties

|                          |                                   |
|--------------------------|-----------------------------------|
| <b>Appearance</b>        | Powder                            |
| <b>Molecular Formula</b> | C <sub>14</sub> H <sub>13</sub> N |
| <b>Molecular Weight</b>  | 195.26                            |
| <b>Purity</b>            | ≥98%                              |
| <b>CAS No.</b>           | 494-19-9                          |
| <b>Production Date</b>   |                                   |
| <b>Retest Date</b>       | 2029-01-18                        |

#### 2. Analytical Data

| Test Item | Specification             | Result  |
|-----------|---------------------------|---------|
| HPLC      | ≥98%                      | ≥98%    |
| NMR       | Consistent with structure | Confirm |

#### 3. Structure

#### 4. Storage Condition

|                          |            |       |          |
|--------------------------|------------|-------|----------|
| <b>Storage Condition</b> | Powder     | -20°C | 3 years  |
|                          |            | 4°C   | 2 years  |
|                          | In solvent | -80°C | 6 months |
|                          |            | -20°C | 1 month  |
